## Introduction

The Contra Costa County History Center has paper copies of *The Contra Costa Gazette* from 10 Sep 1864 to 31 Dec 1899. This comprises the first volumes of this paper. In these early papers the vital records were published in small boxes labeled born, died or married. On occasion there is an article or obituary separate from the announcement.

These papers are also on microfilm in the reference room of the Pleasant Hill Library.

This is a transcription of just the information in the boxes. Occasionally, there is a poem or brief obit printed in the box. Only short (a sentence or two) obits/funeral information is transcribed. Longer obit, notices and poems are noted in brackets. Obvious mistakes are marked with [sic]. The transcriptions are as printed including the use or not of capital letters in words such as city or county.

For copies of the notices and/or their accompanying articles (if appropriate) please send a check for \$8 and a SASE to CCCHS, 610 Main St, Martinez CA 94553-1129

**Vital Records from the Contra Costa Gazette**

In Somersville, Contra Costa county, January 31, of that dreadful disease, scarlatina maligna, Thomas GOULDING, aged 7 years, 7 months and 17 days.

At the same place, February 17, of the same disease, Elizabeth RICHMOND, aged 8 years and 5 months.

At the same place, February 19, of the same disease, Annie TREGELLAS, aged 7 years and 7 months.

At the same place, February 18, of the same disease, Joseph TREGELLAS, (brother to Annie,) aged 5 years and 1 month.

At the same place, February 20, of the same disease, Charles W BLACKMAN, aged 9 years and 7 months.

These young creatures were taken away, with the exception of one, in about twelve hours. This new disease is making affecting breaches in our family circles. It seems that nothing can prevent it doing its work. Ten little ones have been swept away in a few weeks. The malady has proved fatal in almost every case. It is one of the most deceitful diseases in existence. The symptoms of death were upon one of the little sufferers in less than four minutes after his being taken ill. The pulse runs up to 154 or 160 in a few minutes.

### **4 Mar 1865**
