Pains in the Bones and Ankles, Diseases of the Lungs,
Throat, Nose and Eyes, Ulcersupon the Body or Limbs,
Cancers, Dropsy, Epileptic Fits, St. Vitus' Dance, and all
diseases arising from a derangement of the sexual or
gans, such as Nervous Trembling, Los fof Memory, Loss
of Power, General Weakness, Dimness of Vision, with
peculiar spots appearing before the cyes, Loss of Sight,
Wakefulness, Dyspepela, Liver Diseases, Eruptions upon
the Face, Pain in the Back and Head, Female Irregularities, and all improper discharges of both sexes.

It matters not from what cause the disease originated,
however long standing or obstinate the case, recovery
is certain, and in a shorter time than a permanent cure
can be effected by any other treatment, even after the
disease has baffled the skill of enthent physicians, and
resisted all their means of cure. The medicines prescribed are pleasant and without odor, entirely vegetable, causing no slekness, and free from mercury and
balsam. During twenty years of practice in Europe,
the Atlantic States and California, I have rescued from
the jaws of death many thousands who, in the last stages
of the above mentioned diseases, had been given up to
die by their physicians; which warrants me in promising
to the afflicted, who may place themselves under my
care, a perfect and speedy cure.

Private diseases are the greatest enemies to health,
as they are the first cause of Consumption, Serofula and
many other diseases, and should be a terror to the
human family. A permanent cure is scarcely ever
effected, a majority of the cases falling into the hands
of incompetent persons, who not only fall to cure the
disease, but rulu the constitution, filling the system
with mercury, which, with the disease, hatens the sufferer into a rapid consumption. is Guaranteed in all Secret Diseases.

with mercury, which, with the disease, hastens the sufferer into a rapid consumption.

But should the disease and treatment not cause death speedily, and the victim marries, the disease is entatied upon the children, who are born with feeble constitutions, and the current of dife corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, threat and lungs, entailing upon them a brief existence of suffering consigning them to an early grave

SELF-ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fulfest confidence, I assure the unfortunate victim of self-abuse that a permanent and speedy cure can be effected, and, with the abandonment of ruincus practices, my patient can be restored to robust and vizorous health. practices, my patient can be restored to robust and vigorous health.

Arregularities, and all diseases of males and females, are treated on principles established by twenty years practice, and sanctioned by thousands of the most remarkable cures. Medicines, with full directions, sent to any part of the State, Nevada, Cregon and Washington Territory, by patients communicating their symptoms by letter.
